

## **Houghton Primary School**

### **Comments from our most recent parent survey...**

*We are delighted with how well our child has settled into school and how well she is progressing. She clearly enjoys her time spent at school.*

*Houghton is a friendly school that encourages learning alongside very positive and responsible personal values. It's a great mix and the result is a buzzing school.*

*I think Houghton is a fantastic school and feel very privileged to be able to send my children there.*

*We are very lucky to have such a wonderful school in our location.*

*A good school with friendly professional staff instilling good values and morals.*

*I think that the schools strength is that it knows each child so well. This is from a character/personality perspective and an academic one. Because you know each child so well it means you can deal with issues in a way that suits each child. This is so valuable.*

*The school has a warm, supportive ethos and all members of staff are approachable. The teachers care about the welfare of the children and encourage them to achieve their potential.*

*I love that Houghton is a village primary school. It has close links with the local community and also has a close community feel within the school. The teachers and children know everyone and are encouraged to look after each other.*

*I would have been very happy with this school had my child had standard learning abilities, however as he has SEN I have found myself relieved that he has a place in a school that shows commitment to helping him succeed.*

*I love that Houghton makes use of its beautiful surroundings for learning, something my child has found invaluable.*

*A great school that works very hard at putting the children first in all areas of teaching and well-being*

*Parents views and opinions matter. Children are at the centre of the school ethos*

*The positivity, good feeling and can do attitude of the school. Very pleased with the level of outdoor activities, engaging pupils physically as well as mentally. Great teaching.*

*March 2016*
